

604.07 Food Service Safety and Protection Standards

Number Series: 600 - Corrections Division
Approved Date: July 20, 2018
Review Due Date: July 20, 2019

Sheriff's Approval: Digital
Review Frequency: Annually

604.07-1 Policy

The Hendry County Sheriff's Office Jail system shall ensure that there is documentation by an independent, outside source that food services facilities and equipment meet established governmental health and safety codes and corrective action is taken should deficiencies be present.

604.07-2 Food Service Safety and Protection Standards

- I. Food service facilities and equipment shall be regularly inspected ensuring they meet established safety and protection standards and requirements, and that contractual employees comply with applicable health regulations.
- II. Quarterly inspections of food service areas are conducted by the Department of Health and Rehabilitative Services ensuring compliance with established governmental health and safety regulations.
- III. Annual fire and safety inspections are conducted by the appropriate fire officials ensuring compliance with established fire and safety codes.

604.07-3 Safety Training

- I. The contract food service purveyor shall ensure contract food service staff and inmate workers working in food services are trained in the safe operation of equipment.
- II. Contract staff and food service inmate workers shall be trained in procedures to be followed in an emergency.

604.07-4 Documentation

- I. Documentation of compliance with health and safety regulations shall be maintained on file by the Jail Administrator, or designee.
- II. Documentation of all accidents and injuries shall be maintained on file and reviewed to determine causes and possible corrective safety measures to be implemented.
